Experience

ASSOCIATE DATA ENGINEER, CENTRO
6/2015–Present

Design and develop digital advertising tools from within the Data Science team. Responsible for high-level product vision, creating mockups, prototypes, and communication with product managers and other stakeholders.

Analyze data with SQL/Python and visualize with d3.js/Python, presenting actionable insights to strategists.

UI/UX DESIGN INTERN, METRONOME SOFTWARE
6/2014–10/2014

Worked on the App Store and a mobile/desktop Maps tool for the U.S. Dept. of Defense. Responsibilities included creating mockups, evaluating/designing interfaces, and implementing designs with HTML/CSS/Python.

SOFTWARE DEVELOPMENT INTERN, BROADCOM
6/2013–9/2013

Created an internal web application that provided automated tracking, reporting, and authentication. Wrote a shell script that automated a data conversion/validation process.
